

Aloha Toe Ring Toe Sizer

1. Carefully cut out sizer
2. Fold on the broken lines.
3. Use a small piece of tape to join the folded flaps. The idea is to create a 'belt buckle' (this allows the end of the sizer to slip through the opening).
4. Place the sizer around the tip/pad of the chosen toe. **PULL TIGHTLY** and record the size.
5. Wrap the sizer around the middle of the chosen toe (between the 1st and 2nd knuckle, just after the toes pad). Record the size.

*** An Aloha Toe Rings Foot Jeweler will analyze the sizes you provide to determine the correct size to style match.

SIZE AT TIP _____
SIZE AT MIDDLE _____
